

Business Proposal: Launch of "PrintIt Pakistan" – Customized Merchandise Startup

1. Business Overview

"PrintIt Pakistan" aims to offer high-quality, affordable customized merchandise such as T-shirts, mugs, keychains, and tote bags. With the growing demand for personalization and branding, the business targets individuals and small businesses looking for unique, creative items for gifting, events, or marketing.

2. Vision Statement

To become a leading provider of customized merchandise in Pakistan, empowering individuals and small businesses to express creativity and identity through personalized products.

3. Mission Statement

Deliver fast, affordable, and creative customized merchandise with exceptional quality, using an online-first approach to maximize reach and customer convenience.

4. Objectives

- Establish a fully operational custom printing setup within the first month.
- Secure 50+ orders within the first 3 months through digital marketing.
- Break even within 90 days of operation.
- Expand product offerings by the 6th month based on customer demand.

5. Unique Selling Proposition (USP)

- Low minimum order quantity (even single items)
- 100% customization options
- Online ordering & doorstep delivery
- Affordable pricing for students and startups

6. Product Line

Product	Description
T-Shirts	Custom quotes, logos, photos, event-based prints
Mugs	Personalized mugs for gifting/corporate branding
Keychains	Logo/key-based creative designs
Tote Bags	Eco-friendly branded/customized carry bags

7. Initial Investment Plan (Budget Breakdown)

Item Description	Estimated Cost (PKR)
Heat Press Machine (5-in-1)	40,000
Sublimation Printer + Inks	20,000
Blank T-Shirts (50 pcs)	15,000
Mugs, Keychains, Tote Bags	7,000
Sublimation Paper, Tape, etc.	3,000
Packaging Material	2,000
Branding, Logo Design	2,000
Website + Hosting (1 year)	5,000
Facebook/Instagram Ads	6,000
Total Investment	100,000

8. Target Market

- Students: Class shirts, farewell events, societies
- Startups: Branding materials, promo giveaways
- Small Businesses: Logos on merch for advertising
- Event Planners: Birthdays, weddings, corporate functions

9. Marketing & Sales Strategy

Online Marketing:

- Facebook & Instagram ads
- Collaborations with local influencers
- Short Reels showcasing customization process

Offline Marketing:

- Posters in universities & cafés
- Word of mouth via referral discounts
- Sample distribution in local markets

10. Revenue Model

Product	Avg. Selling Price	Cost Price	Profit Margin
T-Shirt	Rs. 850	Rs. 400	Rs. 450
Mug	Rs. 600	Rs. 300	Rs. 300
Keychain	Rs. 250	Rs. 100	Rs. 150
Tote Bag	Rs. 350	Rs. 150	Rs. 200

Estimated Monthly Orders (target): 100
Monthly Revenue Goal: Rs. 50,000 – Rs. 100,000+

11. Operations Plan

- Location: Home-based (to reduce costs)
- Mode: Online order system via website/social media
- Delivery: Through local courier partners
- Printing Time: 1–2 days after design confirmation

12. Business Structure

Role	Responsibility
Owner/Founder	Management, printing, client handling
Designer (freelance)	Custom design creation
Delivery Partner	Timely product shipment

13. Risk Assessment

Risk	Solution
Low initial sales	Free giveaways, referral incentives
Printer malfunction	Purchase warranty-protected equipment
Customer dissatisfaction	Easy reprint policy, quality checks
Supply delays	Maintain 2-week buffer stock

14. Scalability & Future Expansion

- Launch an app with live design previews
- Add hoodies, caps, diaries, and water bottles
- Open a print shop/kiosk in university areas
- Offer B2B services for branding large orders

15. Conclusion

With minimal investment, "PrintIt Pakistan" can cater to a niche yet fast-growing market for personalized goods. A strong focus on quality, marketing, and customer service will ensure rapid growth and profitability.
